

Notice of Transition from AT&T Conference Calls to Teams Audio Conferencing for Telephonic Appearances for Motions and Confirmation Hearings

On June 1, 2024, the New York Northern Bankruptcy Court will discontinue using AT&T conference call-in numbers and begin using Microsoft Teams audio conferencing for telephonic appearances for motions and confirmation hearings.

Note that a notice of hearing for a matter scheduled on or after June 1, 2024, must contain the Teams dial-in information for the presiding judge. This information is located on the court's website on each judge's page under both the Appearances and Hearing Dates tab. It will also appear on the top of each judge's posted calendar beginning June 1, 2024.
